Water barrier

Pores: 2-3µm

Ventile Advantages

COMFORTABLE - 100% COTTON
As comfortable as wearing a cotton shirt.

TOTALLY WEATHERPROOF
Ventile® protects you from wind, rain, sleet and snow.

WINDPROOF
A totally windproof barrier protecting you from wind-chill.

WATER REPELLENT
Unique finish provides outstanding water repellency.

BALANCED CLIMATE CONTROL
Warm when it's cold and cool when it's warm.

HIGHLY BREATHABLE
Worlds most breathable weather-proof fabric available.

EXTRAORDINARY HAPTICS
Warm, smooth and natural fabric surface.

QUIET
Rustle free, in harmony with nature.

AGEING RESISTANT
The fabric is very long lasting. You can expect years of use from garments in Ventile®.

SUSTAINABLE (ECO-FRIENDLY)
Made from renewable, organically grown cotton.

EXCLUSIVITY
Made from worlds finest cotton fibers. Extra-Long-Staple fibers represent only 2% of world production.
